

Ceilings On Food Going Up

Expect Word
Tonight On One
Cent Increases
On Many Items

WASHINGTON (AP)—The government is expected to announce tonight ceiling price boosts of about a penny each for a wide range of food items.

That's how much the Office of Price Stabilization estimated the increases would bring to the grocer—although it said the nation's food bill would go up about 100 million dollars a year under the new ceilings.

These figures were challenged by four food distribution groups which said the adjustments would have little effect on prices. They said that if the grocers got all ceiling boosts they are seeking it would cost the consumer only about 5 cents a week per person.

Called "Scarce Tactics" in an effort to perpetuate controls, said a statement by the National Association of Retail Grocers, the Co-operative Food Distributors of America, the National Association of Food Chains and the Super Market Institute.

"The public should understand that competition is the factor today which is keeping food prices down," the statement said. "OPS has little or nothing to do with it. More than 50 per cent of all the foods sold today in grocery stores are below ceilings. Most of the food items selling below ceilings are those items most frequently purchased by consumers in the low and middle income groups."

Control "More Harmful"
The statement said controls are doing more harm than good in the few cases where supplies are temporarily short.

However, OPS officials made clear to reporters that the higher ceilings would not necessarily mean that prices of all the items affected would go up. They will vary with stores and public demand, they said.

The OPS order will authorize higher margins for all retail food stores—both chains and independent.

OPS officials said the action is necessary because earnings of the grocers have declined.

Affected by the higher margins and ceilings will be some of the items in this wide range of foods:

Dry cereals, canned vegetables and soups, pickles, vinegar, olives, most canned meats and processed fish such as smoked fish and herring, oleomargarine, cookies and crackers, frozen foods, jellies and jellies, canned fruits and others. Tuna and salmon are not included.

Grocer Earnings Decline

OPS officials said the action is part of the increases would run about a penny per item. On some larger cans or items and on more expensive quality foods the higher margins can mean ceiling rises of 2 cents or slightly more. Although overall margins will be higher, they said in some cases it may not mean an increase on an individual item.

The officials said the increases are being allowed on those items on which grocers figure they can get higher prices. They said margins have not been changed on items that are selling well below ceiling—only on those items near or at ceilings. Those are the items for which they figure the public will pay more, an official said.

OPS officials said the increases generally will come on those items which are in scarcer supply. They pointed to vegetables as being in this class. The order in due to hike ceilings on most or all canned vegetables.

Friday Garbage Pickup on Saturday

The city garbage collections on Friday have been postponed to Saturday when the pickup will be made. Sanitary Officer Willis Jabas announced today the shift of the pickup, for this weekend only, is being made so as to give the city employees a full day off on Memorial Day.

Men's Choral Club Presents Finest Concert In 5 Years

"Singing In The Rain" might have been the theme song of the Sedalia Men's Choral Club Tuesday night, but it was not on the program for the annual spring concert of the group. However, they did sing "Because of You" and dedicated it to the audience which filled the auditorium of Smith-Cotton High School to more than two-thirds capacity despite the very hard rain which fell for an hour just prior to the musicale.

Surpassing their excellent performances of the past four years, the club members, under the direction of Abe Rosenthal, made this fifth annual concert their finest. Numbers ranged from the sublime, highlighted by "The Lord's Prayer," to what a few members must have felt was the ridiculous—a song and "dance" arrangement of "There's Nothing Like a Dame." The latter was by a group of 12 sailor-hatted members who rendered the first encore in comic vein to the complete enjoyment of the audience.

All the numbers were capably presented by the men whose voices

Demand Fuller Data CallGerm On Red Prisoners Riots Warfare 'Red Lie'

Congressional and Military Circles Both
Want More Details; Sen. Bridges Asks
Probe to See If Gen. Ridgway Involved

WASHINGTON (AP)—Demands arose in both congressional and military circles today for a fuller explanation of a whole series of Red uprisings in the Kojie prisoner of war camps.

Sen. Bridges (R-NH) said he wants a Senate investigation to show whether Gen. Matthew B. Ridgway "should share in the blame for the disgraceful, astounding conditions at Kojie."

Military leaders here have asked the Far East Command to explain how, with so much previous violence in the stockades, the Communists were permitted to get as far out of hand as they did this month.

Not Satisfied With Report

Bridges said he was far from satisfied with Ridgway's testimony before the Senate Armed Services Committee last week. Other members of the group said in separate interviews they have been amazed by disclosures since that private meeting with the former Far East commander.

Ridgway testified while en route to his new assignment as supreme Allied commander in Europe. He was quoted as saying he knew of

only two major disorders in the camp, both this spring, before the Reds seized the camp commander as a hostage early this month.

"The truth is now coming out little by little," Bridges said. "And I am not going to be satisfied until we get the whole truth as to who was responsible."

"It is difficult to imagine camp commanders allowing such conditions without either orders or at least encouragement from their superiors."

Bridges, the Senate Republican floor leader, told a reporter he expects the armed services committee, of which he is a member, to order a full-scale inquiry.

Sen. Russell (D-Ga.), the committee chairman, said he will ask the group to decide whether an investigation is warranted. He reserved further comment.

The Army here was asked about a demand in Congress for Col. Francis T. Dodd and Col. Charles F. Colson to appear for questioning at Capitol Hill. An Army spokesman said he believed no specific time had been fixed for their arrival.

Gen. Yount Being Relieved of Kojie Command Because of Part With Dodd

KOJIE ISLAND, Korea (AP)—A high military source said today Brig. Gen. Paul F. Yount was being relieved of command a month earlier than scheduled because of his part in the now famous "Dodd Affair."

Yount, commander of the Pusan Army Base, was the immediate superior of Brig. Gen. Francis T. Dodd when Dodd was kidnapped and held hostage by Communist prisoners of war on Kojie Island May 7.

Yount already has been reprimanded and Dodd has been reduced to his permanent rank of "Colonel." The high official, who declined use of his name, said Yount would be reassigned within a week, a month before he was to be transferred.

Published Army orders in Washington showed Yount was scheduled for reassignment March 10, long before the Dodd incident, but the date of resignation was left up to the Far East Command.

The orders said the transfer would take place sometime in June

to the office of the Chief of Staff in Washington.

Yount told newsmen he had received no official notice of any transfer other than a scheduled rotation in June.

In reprimanding Yount, the Army said he "overlooked the erroneous implications" of promises made to secure Dodd's release.

The promises, made by Brig. Gen. Charles Colson, led to still continuing Red propaganda blasts at the United Nations Command.

They were repudiated by Gen. Mark Clark, Far East commander. The U.N. POW camp on Kojie was in Yount's Pusan command.

Both generals Dodd and Colson were ousted as Kojie commanders and were demoted to colonel.

Ironically, Yount was due for normal reassignment in a month. Clark's personal representative, Maj. Gen. Blackshear M. Bryan, inspected Kojie today and reported the prisoner situation "tough but I think we've got it in hand."

British Parliament Told Red Forces Nearly Double Strength During Talks

LONDON (AP)—The British Parliament was told today that Communist forces in North Korea had almost doubled their strength during the cease-fire talks and Prime Minister Churchill called the situation "very grave."

Lord Alexander, Britain's defense minister, said Communist forces are not far short of a million men, compared with just over 500,000 last July. He spoke to the House of Lords and a similar statement was read in the House of Commons by Churchill.

The Prime Minister declared: "With regard to the general situation it is very grave."

"This is the view taken by the military authorities of the United States who furnish nine-tenths of the troops engaged by the enemy."

"The United Nations commanders, American generals on the spot, believe they are capable of holding a violent offensive which may be made against them on the breakdown of the peace negotiations."

"They are responsible for taking the necessary measures, but what those measures would be I cannot presume to forecast at all."

Churchill added that in the past 10 months "we have been engaged in a struggle making in extraordinary conditions, in which I do not think there has ever been any will to peace on the side of the enemy, who was suffering so heavily when the truce was begun and who have certainly improved their position in the meanwhile."

Emmanuel Shinwell, defense minister in the former Labor government,

suggested that Churchill consider calling a conference of U. N. members with forces fighting in Korea to go over the whole Korean question.

Churchill replied that the suggestion should await the return of Foreign Secretary Anthony Eden from Germany, adding "this is not purely a military question."

Alexander said the Communists "have taken full advantage of the lull in the fighting to reinforce, reorganize and re-equip their armies."

Alexander, who said he soon would visit Tokyo and Korea, declared Communist reinforcements mainly have been used to build up North Korean units to full strength.

During the last war, Alexander was the allied commander in the Mediterranean, and General Mark Clark was his deputy.

S. Korea Lifts Part of Martial Law In Country

PUSAN, Korea (AP)—The South Korean National Assembly today lifted in part the martial law which President Syngman Rhee had proclaimed Saturday.

By a vote of 96-3 the Assembly abolished the army rule over this temporary capital. It let the president's decree stand throughout the rest of three southern provinces. It was another round in the struggle for power between Rhee and the Assembly.

The feud has created a political crisis that prompted Gen. James A. Van Fleet, U. S. Eighth Army Commander, to speed here for secret conferences with Rhee and top U. S. diplomatic officials last night.

Results of the conferences have not been disclosed.

Assemblymen who drove the lifting measure through said there was no threat of Communist activity or disorder in Pusan.

Rhee said he clamped on martial law because of the killing of five U. S. soldiers by guerrillas eight miles north of Pusan Friday, to halt public demonstrations in this city and because of reports that "far reaching Communist connections" involved some assemblymen.

Post Office Closed, No Delivery Friday

Friday, May 30, being a legal holiday, all windows at the post office will be closed.

There will be no delivery of mail by either city or rural carriers. Special delivery mail will be delivered as usual.

The regular holiday collection will be made from the street letter boxes and all outgoing mail dispatched.

Truman Rakes
Kremlin Today
Over Charges
Against UN Allies

WASHINGTON (AP)—President Truman raked the Kremlin today for "passing out the lies" that the United Nations have used germ warfare in Korea.

The President told a White House delegation:

"The Kremlin cries that we have used germ warfare."

"There isn't a word of truth in that. We have never broken the Geneva convention in our operations in Korea."

And they know that. They know it well. But they keep on passing out the lies that have no foundation in fact whatever."

A delegation from the American deportations in Romania heard the President assert:

Kremlin Brings On War

"The Kremlin bombards the world with cries of peace—peace. And the Kremlin brings on war—war, at every point that she possibly can."

The Communists have been accusing the U. N. of employing bacteriological warfare in Korea for some time.

All U. N. and United States officials have said those charges were untrue. They asked Red China and Russia to approve the sending of an official Red Cross investigating team to look into the charges.

The Red rejected the suggestion. Truman's biting attack on the Soviet leaders came after the committee delegation, made up of various American-Romanian groups, reported to him on enforced evacuation of Romanian citizens.

The President said mass deportation and kidnappings in Romania and other countries "is far worse than anything that can take place in actual open war."

John H. Knaus Dies In Wreck Near LaMonte

Tommy Breshears
Seriously Hurt
Tuesday Evening

Pettis County's first traffic fatality, outside Sedalia this year, occurred about 5:30 p.m. Tuesday on Highway 50 a mile east of the La Monte junction, when John Houston Knaus, 36, was injured fatally and his companion, Tommy Breshears, 16, was seriously injured in a truck accident. Knaus died at the Bothwell Hospital about ten minutes after his arrival there.

Knaus died from a fracture of the skull. Dr. J. M. Rodeman, deputy coroner, viewed the body at the hospital and ordered it removed to the Parker Funeral Home in La Monte.

The doctor said an inquest was not necessary.

Knaus Forced Off Road
The accident occurred, according to a report given Sgt. W. S. Barton of the State Highway Patrol, by E. C. Gabbert, Claremore, Okla., driver of the large tractor-trailer unit of the Southwest Freight Lines of Kansas City, because of a speeding driver who crowded the pickup truck of Knaus off the highway onto the soft shoulder.

The car, a new model, it was said, went speeding by a string of east-bound cars and cut into his lane of traffic missing both the tractor and the pickup because the driver of the small vehicle pulled to the right onto the north shoulder. The pickup went a short distance, pulled back onto the blacktop and skidded sideways into the path of the oncoming tractor. Gabbert said he pulled the air on the trailer, but "it couldn't take effect in time to stop and almost the instant the brake took hold the crash came."

The pickup was practically demolished, both Knaus and Breshears were thrown out onto the pavement, and the pickup rolled on top of them. The huge tractor-trailer swerved to the right going down a five-foot embankment and rolled over.

The tractor was badly wrecked as was the trailer, which was loaded with 20,000 pounds of soap enroute from Kansas City to Harrison, Ark.

Driver Doesn't Stop
Motocists who were behind the trucks, stopped and in the downpour of rain lifted the light vehicle and Knaus and Breshears were pulled from beneath it. They were then taken to the Bothwell Hospital in the Parker ambulance.

The driver of the car which forced Knaus off the highway did not stop.

Dr. John Lamy started to render medical treatment to Knaus but he died within a few minutes. He suffered a severe skull fracture and head injuries.

Breshears was then treated by Dr. Lamy and Dr. A. L. Walter. He had severe lacerations about his head, one deep laceration at the hairline over the left eye, laceration of the right elbow, concussion of the brain, and possible internal injuries.

Breshears is the son of Mr. and Mrs. (Please turn to Page 4, Col. 5)

Commie Squeeze on Berlin Tightened; Blockade Holds

Pass In East Zone

BERLIN IN PARTIAL BLOCKADE—Newsmap shows where Soviet forces sealed off the 110-mile highway into Berlin against Anglo-American military forces in a traffic squeeze resembling the blockade of 1948-49. The Soviet guards did not interfere with other Allied and German traffic travelling in both directions along the highway across the Soviet zone. Inset shows how Berlin is divided among the B-4. (NEA TELEPHOTO)

Foreign Ministers Discuss Soviet Note

Give Much Attention to New Berlin
Crisis, Hear Appeal of French
For More Allied Help In Indochina

PARIS (AP)—The Big Three foreign ministers discussed the critical situation in Berlin and the latest Soviet note on Germany at a two-day meeting today.

The ministers also heard a strong appeal by France for more help from her allies in the long and costly war in Indochina.

More Harassment Expected
U. S. Secretary of State Dean Acheson, British Foreign Secretary Anthony Eden and French Foreign Minister Robert Schuman were in agreement that additional harassment of the West could be expected in Berlin, a spokesman said in giving a brief summary of the meeting.

The spokesman said a reply would be drafted in Washington to the Soviet note, which warned that signing of the peace contract in Bonn and the European Army Treaty in Paris would increase the difficulties of making peace with Germany and unifying the country.

Russians Demand Conference
The spokesman reiterated the demand for a four-power conference on the unification of Germany.

The spokesman said the usual process would be followed of one country preparing a draft upon which the others could work. There has been no lengthy study of the Soviet note, which the ministers regarded as relatively weak in tone, the spokesman added.

Suspend 37 More

LEESBURG, Va. (AP)—A 39-year-old man who fled a mental hospital three weeks ago went on a homicidal spree last night, killing his father, an airline pilot and a police officer, police reported today.

Sheriff Roger F. Powell of Loudoun County identified the assailant as Maurice Ray Fox. He said Fox was arrested shortly after midnight and charged with murder.

Powell said Fox was found in a drunken stupor asleep in a bed at his mother's home, a 12-story apartment building.

The triple slaying took place on the farm of Fox's father, 70-year-old William Fitzhugh Fox, in a lonely area near Leesburg, about 35 miles from Washington, D. C.

Powell listed these victims: The elder Fox, of Arcola, Va., Capt. Robert O'Connor, pilot for Capital Airlines, of Falls Church, Va., and Lillian H. Hove, 34, Alexandria, Va., manager of a cosmetics agency.

The assailant's mother fled to the home of a neighbor shortly after the slaying. Fox was seen near his home late last night.

Powell said Fox was committed to the state mental hospital at Saunton, Va., last fall after having threatened to kill his father.

Postman May Not Get Paid, But They Don't Know It Yet

Sedalia's mailmen don't know it officially, but there are indications June 3 won't be payday for the period which started on May 15.

In Washington, the Post Office Department has announced it has run out of money to pay about 400,000 postal workers scattered throughout the country—Sedalia is among "scattered" area.

Officials at the local Post Office haven't seen or received any official orders as yet from the Post Office Department, but according to one said, "all we know is what we have read in the newspapers and heard on the radio, but we expect to get orders before payday, which would be June 3."

From Washington the report says the Post Office Department hopes to get money from Congress soon, but meantime is notifying the postmasters to withhold salary

payments to themselves and all field personnel for work done after May 15.

Explanation for the running out of funds was said to be because last October Congress increased salaries of all postal employees, but provided no funds to pay the increases. The money needed is contained in a supplemental appropriation bill now tied up in Congress due to differences between House and Senate versions.

It is going to be a little inconvenient, but Uncle Sam will not doubt will see to it the letter handlers will get their wages.

The importance that France attached to the meeting was indicated by the presence of Premier Henri Pinay, Deputy Premier Jean LeTourneau, and Jean LeTourneau, minister for the Associated States of Indochina.

Survey Far East
Pinay and LeTourneau pressed for a broader sharing of the burden of carrying on the Indochinese war against the Communist-Vietminh.

The ministers began with a general survey of the Far Eastern situation. The French, in pressing for aid, insisted that they were carrying an undue share of the burden of the war against Communism.

The spokesman said a reply would be drafted in Washington to the Soviet note, which warned that signing of the peace contract in Bonn and the European Army Treaty in Paris would increase the difficulties of making peace with Germany and unifying the country.

Russians Demand Conference
The spokesman reiterated the demand for a four-power conference on the unification of Germany.

The spokesman said the usual process would be followed of one country preparing a draft upon which the others could work. There has been no lengthy study of the Soviet note, which the ministers regarded as relatively weak in tone, the spokesman added.

BERLIN (AP)—Communist East Germany tightened its squeeze on blockade-threatened Berlin another notch today. Orders went out to Red police to shoot to kill anyone caught without a proper pass in the Iron Curtain's new three-mile no-man's land along the West German border.

The shooting order was the latest in a series of revenge moves against the Bonn government's alliance with the West. It all but sealed off the Communist-gift former capital, which trembled in fear of a resumption of the 1948-49 siege.

San Holds On Highway

The Russians continued their ban on Allied military patrols travelling the 110-mile Berlin-Helmstedt Autobahn, sole highway link between the isolated city and the West.

Regular civilian traffic continued to flow normally, but a new formula for transit visas adopted by the Reds yesterday could choke off traffic between West Berlin and the Bonn republic at any time.

The Russians also let a jeep-escorted three-truck U. S. Army convoy use the highway and an American officer said: "Apparently they don't mind through travel but for some reason object to our patrols going up and down 'their road.'"

Aggression As Threat

In Paris the Big Three Western powers said they would regard aggression against Berlin as a threat to their own security.

The new visa formula tears up an agreement between the Western Powers and Russia which had allowed West Berlin and West German authorities to issue interzonal passes for transit travel through the Russian zone in either direction.

The move had the following significance:

At Mercy of East
1. Every truck driver, railroad employee or canal barge operator traveling through the area is at East Germany's mercy.

2. The 2,200,000 West Berliners can be virtually cut off from travel into or through the surrounding Soviet zone.

Yesterday the Red German regime cut all telephone service between Berlin and the Russian sector, and some long distance lines to the West.

May Need Airlift
The visa formula requires all Germans to get an East German permit before stepping on the Russian zone soil.

"They have now arranged things so that we have the alternative of slowly watching West Berlin wither away, put the entire place on the (do) (relief) or start up an airlift (as was done in 1948-49). If they claim the skies above their heads, too, that's it," said a senior Allied official.

The Communists apparently reason that the Bonn pact throws out the Potsdam agreement of 1945 which set up the rights West Berlin enjoyed in its relations with the West.

Edward Jacks Hurt
When Hit by Crane Hook

Edward Jacks, route 3, was injured about 11 a. m. Wednesday while at work at the Ready-Mixed concrete plant, Engineer and the Missouri Pacific tracks, when struck in the face by a metal hook on a crane.

He was taken to the office of Dr. J. W. Maunders, 501 1/2 South Engineer, where several stitches were taken to close lacerations, and then to the Woodland Hospital for further observation.

To Decorate Graves
Of Vets With Flags

On Memorial Day the Pettis County veterans will decorate the graves of veterans buried in Crown Hill and Memorial Park Cemeteries with an American flag.

World's Newest Republic Set Up On Island

COLOMBO, Ceylon (P) — The world's newest and one of its smallest republics—the Maldives Islands—has just blossomed in the Indian Ocean 400 miles southwest of Ceylon.

Inhabitants of the 2,000 tiny islands, scattered over 325 square miles of ocean, voted 99 per cent to become a republic with an elected President after more than 800 years as a sultanate. For the past century it has been under British protection.

The first President is 41-year-old Prime Minister Amin Didi, island strong man who will function as virtually a one-man government. The transition from sultanate to Republic will be completed some time in December, when the Maldives adopt a new constitution—now being written by Amin Didi—and seats him as its first President.

The British government will continue to handle Maldivian foreign affairs. It has promised to send a cruiser and its high commissioner in Ceylon to the inauguration at Mave, the Maldivian capital.

Creation of the republic of more than 93,000 islanders followed the death in Ceylon two months ago of 78-year-old Amir Abdul Majid, last of the Maldivian sultans.

A spokesman said there was no suitable elder statesman to take over as sultan, so it was decided to convert the Maldives into a republic.

UN Gives Reds Questions Asked Of War Prisoners

PANMUNJOM, Korea (P) —The United Nations truce delegation today for the first time gave the Communists a list of questions used in screening captured Reds on whether they would return to Communist territory.

The Allies say that only 70,000 of 169,000 captured soldiers and civilian internees have said they would return willingly.

The official list of questions:

1. "Would you like to return to China (North Korea)?" If the answer was yes, the prisoner was listed for repatriation without further questioning.
2. "Would you forcibly resist repatriation?" If the answer was no, the prisoner was listed for repatriation. If it was yes, he was asked additional questions:
3. "Have you carefully considered the important effect of your decision on your family?"
4. "Do you realize that you may stay at Kojoe for a longer time than those who choose repatriation and have already returned home?"
5. "Do you understand that the United Nations Command has never promised to send you any certain place?"
6. "Despite your decision, if the United Nations Command should repatriate you, what could you do?"

The prisoner was listed for repatriation unless he mentioned suicide, fight to death, escape, braving death or similar intention to avoid a return.

Pravda Says American Bayonets Must Enforce West German Treaty

MOSCOW (P) — Pravda declared today West Germany's new peace contract with Britain, France and the U.S. can be enforced only as long as it is backed up by American bayonets.

The Communist party newspaper accused American occupation authorities and Bonn government leaders of waging a terror campaign against all West Germans who oppose the alliance.

But this policy, Pravda reiterated, is only forcing the Germans to strive harder for the unification of all Germany.

Fasting Minister Vows He'll Not Eat 'Till Prayer Answered

CHERRYVILLE, Mo. (P) —An Ozark preacher —claiming he hasn't eaten in 37 days—vowed today to fast until death unless his prayers are answered for a religious revival to save the world from sin and communism.

The Rev. J. J. Ivie, 55-year-old minister of the Assembly of God Church, is weakening physically but was reported by friends still able to walk.

The stocky minister has kept to his room since he began his fast, rejecting efforts by authorities of his church to persuade him to end it.

Ivie has given his wife strict instructions not to permit a physician in their home, even if he becomes unconscious. He has prepared a signed statement to protect his wife from possible legal action in the event of his death.

The Rev. J. P. Myers, pastor at neighboring Steelville, conferred with the church's national headquarters at Springfield, Mo., regarding the fast.

He said that a sustained fast which does bodily harm is not a tenet of the church. Myers added that he and another official of the church went to Ivie's home May 16 but he refused to see them.

Mrs. Ivie said a prolonged "sense of sinfulness (of the world) has driven him to his fasting and prayer."

The minister, pastor of a church at nearby Davisville and a one-time carpenter and repair man, has refused to see anyone but members of his family and persons who wish to join him in prayer in his room.

Mrs. Ivie was interviewed by Mrs. W. R. Wills, wife of the publisher of a weekly newspaper at Steelville. Mrs. Ivie played two recordings in which Ivie explained the reasons for his fast.

Ivie said in one of the recordings: "Communism, in a mad rush, is invading the nation and the

4 ization or divine intervention can save the world. For if we go on as we are now, it will take a thousand years to do it."

In the recordings, Ivie expressed hope his prayers would help produce a revival, starting with ministers and spreading to the people.

Alias Basil Willing
By Helen McCloy

THE STORY: Jack Duggan, a private detective, is murdered after he posed as Psychiatrist Basil Willing at a dinner at the home of Dr. Zimmer, also a psychiatrist. The same night Katherine Shaw, dead and blind, dies under mysterious circumstances. Zimmer resumes his gatherings, at which he had been studying some of his patients, and Stephen Lawrence, a poet, is poisoned, but is revived by Basil. Neither Lawrence nor his daughter Perdita are able or willing to tell exactly what occurred and maintain it was an accident. But Charlotte, Dean, Miss Shaw's secretary, makes a report on the party to Basil. The guests, she said, were "a little drowsy."

CHARLOTTE DEAN went on. "Mr. York wasn't in the least uneasy. He didn'tammer, even hesitate or anything like that. But he did seem a little-weary all evening and rather silent. As for Dr. Zimmer..." Charlotte smiled. "Has that man ever been ill at ease in his life? He's always the perfect host, genial and considerate, as ready to listen as to talk, but never at a loss for a word when there is an awkward pause. And so vastly civil, as they said in the 18th century! He wears his courtesy like armor and it makes him quite impenetrable to ordinary mortals like myself. But I do like him. And Mr. Shaw was very attentive to me."

"You've forgotten Mrs. Mann," said Gisela. "She was just as usual. Not very profound in her conversation, perhaps, but always amiable and smiling." Charlotte's own smile was rueful. "I know this is not the sort of thing you wanted to hear, Dr. Willing, but as nothing else happened, all I can report are these gossipy little details that can't have much interest for you. I won't say I'm sorry. It would have been dreadful if that idea of yours about Miss Shaw had turned out to be the truth. I'm glad if I've helped you to prove it wasn't so."

The Washington Merry-Go-Round
Truman Not Likely to Change His Mind On Tideland Oil

By Drew Pearson

WASHINGTON — Pres. Truman was both jovial and paternalistic when he received a California delegation led by Attorney General Pat Brown who came on the forlorn hope of changing his mind on Tideland Oil. "You heard my speech," the President remarked, half humorously. "How can you expect me to change my mind after that?" Brown reminded him that Californians had come to talk to him in 1948 at which time he had refused to take a stand because Tideland Oil was then before the supreme court. "Yes, and the supreme court has now decided in favor of the 48 states," Mr. Truman interrupted. However, he agreed to study a memo that the California lawyers promised to prepare for him, though, as an indication that it probably wouldn't change his mind, he told the following story: "It reminds me of an old judge out in Missouri," he said. "He told the court: 'Bring the man in. We'll give him a fair trial and then hang him!'"

The President also enjoyed talking to Brown, who is running against Sen. Estes Kefauver in California, about the various presidential candidates. Regarding Sen. Richard Russell of Georgia, he said: "If he were right on civil rights, he might be the ablest of all." Averell Harriman he described as "a wonderful man — but imagine a Wall Street banker being elected president!"

THE BUILD-UP
BY AL VERMEER

homes in Los Angeles have formed the committee against Socialist housing. We anticipate that it will take a fund of \$185,000 to put on the campaign. Many organizations have already pledged the amount that they will raise thru their membership. "In the campaign on proposition 10, the clearing house association subscribed \$7,500. The cost of that campaign was \$94,000. We, therefore, are asking the clearing house association to subscribe \$15,000 towards this campaign.

"The public housers have started their campaign and are now holding meetings in various parts of Los Angeles. We anticipate that they will have unlimited funds at their disposal. "We will appreciate any assistance that you can give us in this matter."

Boomerang In Michigan Michigan Republicans are now stuck in their own election loop-hole, originally devised to trip up the Democrats. Several years ago they split the ballot in order to keep the state ticket from being submerged by FDR's quadrennial landslide. The voters were thus given a chance to vote for FDR on one ballot and for local GOP candidates on the other.

But with the prospects of an Eisenhower landslide this November, the tables are reversed. In other states, an Eisenhower victory would probably sweep the GOP candidates for senator and governor into office along with him. But in Michigan, the split ballot will give the voters a chance to consider the state candidates separately.

What worries the Michigan Republicans is the tremendous popularity of Democratic Sen. Blaine Moody, who has made an amazing record during his one year in the Senate. The private polls show Moody and Democratic Gov. "Soapy" Williams ahead with Michigan voters. And the GOP strategists, ironically, are trying to figure some way to tie their state candidates to the national ticket in anticipation of an Ike sweep.

Washington Pipeline Paratroop and airborne warfare is being vastly improved by the development of huge new parachutes to carry supplies. They are 100 feet in diameter and, when used in clusters, can carry a load of 18,000 pounds. Experts predict that in the near future our planes will be able to parachute light tanks to troops on the ground...

It's always Good Luck to put your left stocking on first—your day will be lucky! It's a good luck to make the hot toast test—prove that new Good Luck, the table margarine has sweet, fresh table flavor, right for every meal.

Los Angeles battle, where the city government had already signed a contract with the federal government to proceed with the housing program, when suddenly two of the city councilmen mysteriously changed their minds.

After that the California supreme court ruled that the city must continue with its housing contract regardless of the two councilmen. But the real estate lobby is continuing the battle just the same. In case Senator Taft is interested in what the Los Angeles realtors think of his "Socialism," here is their letter signed by "George M. Eason, finance chairman, committee against socialist housing":

"Mr. Ben Meyer, "Chairman, Los Angeles Clearing House Association, Los Angeles, California "Dear Mr. Meyer: "You are familiar with the fight now going on at the city hall regarding public housing. "This matter will be on the ballot in the election of June 3. "The various organizations interested in financing and building of

In addition, the army has prepared special teams of experts—research men, doctors, public health authorities—ready to take off by plane within hours of the first sign of germ warfare. Many other steps have been planned, but for security, must be kept secret. The Holland Furnace Company may not know it, but OPS agents are hot on their trail for overcharging customers. OPS filed one trip damage suit against Holland in Rochester, N. Y., and is now checking Holland sales across the country. Results of these field investigations will arrive in Washington shortly. Despite the conflicting stories about Guy Burgess and Donald Maclean, the two missing British diplomats, British intelligence is still convinced both men are still under arrest by the Russians. Burgess and Maclean, according to their reports, are under 24-hour guard in Moscow's notorious Lubianka prison. During the next three years, U. S. public utilities will increase the nation's supply of electricity by 40 per cent. That increase alone will be equal to the total supply of electricity in the USA in 1930.

Every known star in the firmament has either a name or a number by which it is identified. The Republic of Honduras grows more bananas than any other country in the world, exporting more than 14,000,000 stems a year.

Charles A. Lindbergh, who hoped off Friday morning, May 20, for Paris alone in his monoplane, was successful in his flight, making the trip in 33 1/2 hours without taking a chance on leaving his seat in the plane. He was welcomed at Paris by Ambassador Myron T. Herrick and French notables.

Forty Years Ago T. C. Marsh, secretary, William Chubb, physical director, and Dr. Yancey returned from Washington, D. C., where they attended the annual meeting of the American Medical Association. Dr. Ferguson was a delegate of the Missouri Medical Society.

Looking Backward

W. A. Latimer, cashier of the Third National Bank, was in St. Louis on a brief business visit. John Allen, Warsaw, sheriff of Benton County, was in the city en route home from Oklahoma where he went to check on a suspect arrested there and who was thought to possibly be wanted at Warsaw in connection with a murder mystery in Benton County several years ago. It was ascertained the prisoner was not the man wanted.

Dr. W. J. Ferguson and Dr. E. F. Yancey returned from Washington, D. C., where they attended the annual meeting of the American Medical Association. Dr. Ferguson was a delegate of the Missouri Medical Society.

Forest L. Drake, physical education director in Smith-Cotton High School, left for his home in Memphis, Mo., for his vacation.

Charles A. Lindbergh, who hoped off Friday morning, May 20, for Paris alone in his monoplane, was successful in his flight, making the trip in 33 1/2 hours without taking a chance on leaving his seat in the plane. He was welcomed at Paris by Ambassador Myron T. Herrick and French notables.

Forty Years Ago T. C. Marsh, secretary, William Chubb, physical director, and Dr. Yancey returned from Washington, D. C., where they attended the annual meeting of the American Medical Association. Dr. Ferguson was a delegate of the Missouri Medical Society.

POLITICAL ADVERTISEMENT
ONE CANDIDATE TELLS WHERE HE STANDS
I am a candidate on the Republican ticket for State Senator from the 33rd Senatorial District. If nominated and elected, I propose to introduce a joint resolution petitioning the Congress to call a Constitutional Convention to propose an amendment to the Federal Constitution limiting the Federal Government to a 25% tax on income, estates and gifts. 23 states have adopted such an amendment. When adopted by 4 more, it will be mandatory on Congress to call said Convention. All State Senators take an oath to support the Constitution of Missouri. Our Constitution maintains that "all persons have a natural right to the enjoyment of gains of their own industry." Today we have no protection from oppressive and confiscatory federal taxes that prevent the enjoyment of the gains of our own industry. The Constitution of Missouri further states "that the people of the state have the inherent, sole and exclusive right to regulate the internal government and police thereof," but the federal government has usurped the powers of the state and dictates to the state about affairs that are strictly the internal and domestic concern of the people of Missouri. The only inherent power today rests in the president, so he says. I propose to introduce a joint resolution abolishing Federal Rent Control in Missouri. I am opposed to federal grants in aid. As an example of grants in aid, the Congress for the last fiscal year appropriated five hundred million dollars to be "granted" to the several states for building of highways. In that same year, the federal government collected in excise taxes from the motorists of the nation, \$1,757,000,000. Thus, for each dollar of federal aid for highways granted to the states, the motorists paid \$3.50. With the help of the Lord and the voters, I want to deliver the people of Missouri from that kind of aid. Unemployment insurance funds are collected in their entirety from the employers of Missouri, and unemployment is strictly an internal affair and should be administered by the state at less administrative cost, without dictation from the federal government. I am not opposed to aid to deserving dependent children, although concerned about a plan that pays a bounty on not one, but litterers of illegitimate children, and in a great many cases, is distinctly a racket. I am also opposed to the collection of sales tax on the value of trade-in merchandise. Many used cars in the state have been taxed more than their present value. This is not a sales tax; it is a transaction tax and should be repealed. We cannot avoid the cost of public and social services by letting Uncle Sam do it. He could not run a peanut stand without a deficit. Plato said, "The penalty good men pay for indifference to public affairs is to be ruled by evil men." We can make this a government by the people only when the people actively participate in elections and the management of their own affairs. A thirty million dollar surplus in the State Treasury represents money taken from the taxpayers' pockets, which should have been left there. I will appreciate your support and if nominated and elected, will work for the people instead of working the people. R. J. MURRAY

Reds Hinting Of Offensive Due to POWs

MUNSAN, Korea (U)—For the second straight day Communist truce negotiators today hinted that Red armies in Korea would march because of Allied handling of captured Reds. The U.N. Command delegation dismissed the threat as propaganda.

North Korean Gen. Nam Il repeated Red charges that captured Reds had been mistreated. Then he added:

"The Korean Peoples Army and the Chinese Peoples Volunteers absolutely shall not sit idle while their fellow combatants are being wantonly murdered by your side." He said almost identically the same thing yesterday.

Maj. Gen. William K. Harrison Jr., senior Allied delegate, told Nam Il his statement "is indicative of your obvious intentions not to use these conferences to arrive at an agreement, but merely to generate your propaganda."

There was no progress on the explosive issue of what to do about 100,000 captured Red soldiers and civilian internees who say they will fight repatriation to Communist soil. The Reds demand them back. The U.N. Command says not a single person will be forced to return against his will.

At Communist insistence the truce delegations will meet again tomorrow at Panmunjom at 11 a.m. (9 p.m. Wednesday EST). Harrison read a detailed explanation of how the Allies screened prisoners of war. The process, he explained, "was designed to separate those who would violently oppose repatriation from those who would not."

All prisoners were listed to go back unless their opposition "to return was so strong that they would attempt to destroy themselves rather than return to your control," he explained. The Reds for the first time the list of questions put to POWs. He said the actual screening was preceded by several steps designed to acquaint prisoners with the nature of the quiz.

Nam Il ignored Harrison's report. But the U.N. spokesman, Brig. Gen. William P. Nuckolls said Chinese Gen. Hsiem Fang showed more interest during Harrison's statement than he has "to anything in a long time."

Bankers Leave Bank Open, Money Exposed

DALLAS (U)—Police shook the door of the Love Field State Bank before dawn yesterday and found it open.

Suspecting burglars, Officers J. W. Gallaher and C.H. Hockett drew pistols and entered. The vault door also was open. Piles of currency and sacks of coins lay on the vault floor.

But no burglar. The officers called a bank vice president.

"I guess somebody was just in a hurry to get home and left the bank open," he said.

The World Today—

German, Jap Treaties Alike

WASHINGTON (U)—While the language in the peace treaties with Japan and Germany is not identical, at least in one part the effect is the same. That's in the agreement for keeping troops in both places.

It's done a little more smoothly in the Japanese treaty, which says all occupation forces must be withdrawn but then quickly adds that Japan can agree, if it wishes, to let troops stay.

Japan promptly agreed to let American troops stay although not as occupation forces.

In the treaty with Western Germany provision for letting Allied troops stay was written right into the document, but pleasantly.

The U. S. British and French troops who have been occupying their respective zones of Germany since war's end no longer will be called occupation forces. They'll be known as defense troops.

This country in the case of Japan, and this country and its allies in the case of Germany, would hardly have signed the treaties at all if they couldn't keep troops in both places.

Both are outposts against communism. If the Allies left Germany tomorrow it would be an invitation to the Communists to take over in defenseless West Germany.

And if the U.S. thought of marching out of Japan, at least until the Japanese built some defenses

THE SEDALIA DEMOCRAT—Sedalia, Mo., Wed., May 28, 1952 7

of their own, that would be another invitation.

But the Allies gave Japan, on paper at least, more freedom than Germany gets. The German treaty doesn't say anything about letting Germany rearm although she'll be allowed to raise 12 divisions for the European army.

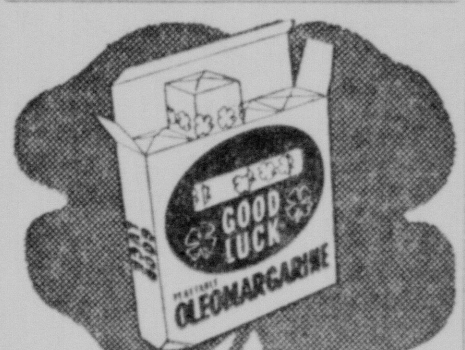

The treaty with Japan says that country can rearm. But the circumstances are different. Japan stays alone in the Far Pacific as an ally of the West. It has to rearm if it is to be an ally instead of a liability.

But Germany in the heart of Europe, surrounded by new friends and old enemies, is under suspicion. It is an outpost against Russia, but with reservations.

Still, the treaty with Germany may turn out to be the most pro-

gressive and far-reaching step in the history of Europe. For plans afoot now envision Germany as part of a United Europe.

OPEN THURSDAY NIGHT 'TIL 9 P.M.

Here's real refreshment

...from the land of sky blue waters...to you!

B. J. Chiefs To Open Season With Mexico

Sedalia's Ban Johnson Chiefs open the 1952 season in Sedalia Thursday night when they meet the Mexico Ramblers. H. L. "Hank" Williams, Missouri Semi-pro Baseball Commissioner, will toss out the first ball. Williams will give a short talk. Game time is 8 p. m.

Mexico Beat Boonville

Mexico has played one game—it being Sunday with Boonville. Mexico won by the score of 6-2 with the help of errors, walks and wild pitches as they only committed four hits off the Boonville hurler.

The Chiefs have been handicapped by the lack of practice for the past week, as some of the regulars were in St. Louis with the high school team playing in the state tournament. The weather has helped to delay practice also.

Manager Bob Brown said the Chiefs will practice tonight for a little while to loosen up and take some of the kinks out of their legs. They are to take batting practice after their warm-ups.

New Faces In Lineup

The Chiefs will show some new faces on the field as they will have but two regulars in the starting lineup. The Chiefs will have four men back from last year. There are four Smith-Cotton Tigers on the club and they all start in the first contest.

Bill Holst, who played last year, will not be home in time for this game as his semester at Missouri University has not finished. Holst will add more strength to the club as he led the Central Missouri A.B.N. Johnson league in hitting in the first half of league play.

Bill Arnold To Pitch

Bill Arnold will be on the mound for his first time in Ban Johnson ball. Bill has proven himself as a hurler many times. At St. Louis he lost to St. Louis Central, but both runs were unearned.

On the receiving end will be John Cochran, who was with the Chiefs last year. John played Legion ball with Arnold and they should make a fine battery for the Chiefs first game.

The starting lineup for the game: Thomas, 2b; Lane, ss; Broadbush, cf; West, 3b; Day, lf; Bartlett, rf; Cochran, c; Higgins, 1b; Arnold, p.

Mrs. Allen Tawse Wins Blind Bogey Tuesday

Mrs. Allen Tawse was the winner of a blind bogey golf tournament held at the Country Club golf course Tuesday afternoon. There was a three-way tie for second place, Mrs. Lloyd Parker, Mrs. C. A. Wright and Mrs. Lawrence Barnett. They will have a "putting" to see who will win the position.

Next Tuesday the Country Club women's golf team will entertain the Elm Hills women beginning at nine o'clock. After that there will be a luncheon.

Girls Softball Game At 8 p. m. Tonight

The Lamy Lady Levis and the Burton Blues, girl softball teams, will meet for their first game of the season tonight at 8 p. m. on the Center Park diamond.

The world-famous Utah copper open-cut mine normally produces from 25 to 30 per cent of the newly-mined copper in the U. S.

6—High individual game: Lawrence Duly, 267.				
7—High individual series: Jim Ryan, 669.				
8—Second high individual game: George Dugan, 629.				

Jim Ryan powered his short breaking hook ball into pocket to lead both leagues on Thursday night. His 669 series was high for all leagues, as was his 275 single game. He is a member of the Black and White team from Cole Camp and Thompson-O'Connor Chevrolet team. George Dugan was the pillar of strength on the Ralph Hamilton's squad and ended the season with a fine 175 average and second place in the averages for all leagues. Bernie Sharper was the most improved bowler with 174.

the Dodgers to one of his copy-righted clippings last night as he pitched the Giants to a 3-0 triumph. The righthander strapped the Brooks with four meager hits but cut down six of them via strike-outs. Sal's earned run percentage is now 1.14.

Giants 6th In Row

It was a big victory for the Giants as well as for the 35-year-old Maglie. It was their sixth straight triumph and increased their National League lead over the Brooks to a game and a half.

It was the ninth straight win for Maglie, who has yet to taste defeat this season. The Giants got only six hits off loser Ben Wade and John Ruthersford but they included homers by Willie Mays and Don Mueller.

Yanks Down Senators—Maglie was put the only outstanding pitching performance yesterday. Allie Reynolds of hot-hit fame yielded only two safeties as he hurled the New York Yankees to a 7-2 victory over the Washington Senators. Both came in the fourth inning and accounted for the Nats' tallies.

Yogi Berra, Reynolds' batterymate in his two no-hitters of last year, gave a real helping hand with a pair of homers and a double. Irv Noren chipped in with a two-run homer.

Senators And Sox Tied—Washington remained in a tie for second with Boston, still 2½ games off the American League pace, when both Cleveland and the Red Sox were beaten. Vic Wertz' three-run homer climaxed a six-run third inning outburst by Detroit to give the Tigers a 5-4 decision over the Indians. Bob Lemon absorbed his fourth defeat after pitching five innings of hitless ball. Hal Newhouser, in relief, picked up his first victory.

A's Beat Sox—Gus Zernial's two-run homer in the fifth and Eddie Joost's two-run double in the ninth gave rookie Harry Byrd his first win and the Philadelphia Athletics a 7-3 triumph over the Red Sox.

Homer In 14th Wins—Eddie Pellagrini, inserted at first base because of a recurrence of a shoulder injury to Hank Edwards, banged a 14th-inning home run to give the Cincinnati Reds a 5-4 victory over Pittsburgh. Frank Smith pitched 7 2/3 innings of shut-out relief to receive credit for the win. The Boston Braves and Philadelphia Phils split a two-night doubleheader, the Braves taking the first, 4-2, in 12 innings and the Phils coming back in the nightcap to score a 5-4 victory in 10 innings.

Auto Races Friday at Fair Grounds

Sedalia will have its own Memorial Day automobile races. They will be in the form of another edition of the modified jalopy cars to be run on the half mile track at the Missouri State Fair Grounds. More cars and faster ones are expected to be brought to Sedalia for the events, according to Jerry Brown. This will end the race schedule for a couple or more weeks, he indicated.

Last Sunday the main event was won by James B. Jones of Humansville, with Herbie Thompson of Holden second and Joe Schrarath, Tipton in the third slot.

The consolation event was taken by Henry Powell of Warsaw with M. L. Hopper, Sedalia second and Don Halsey, Oak Grove third.

Ed Bahner of Sedalia took the Dog Race while Crockett Thompson of Clinton circled in second. The best time in the time trials went to John Bowman of Elm.

All drivers who appeared Sunday said they were returning for the big day. Several other entries have been received from Kansas City, Springfield, St. Joseph and Columbia.

A large portion of the grandstand has been completed and fans can now sit in that area.

Owls can shut out noise when they want to do so. They have flaps of skin to close their ears.

The Little League

The Elks Club team of the Little League will practice at Smith-Cotton High School this evening. Thursday evening at the high school diamonds the Elks and the Jaycees will play a practice game. These practice sessions will get under way at 5:30 p. m.

The Jaycees Major league team has had to trim three players from its roster due to limits on various age groups. All three are being sent back to the Minors, but it is doubtful if they will remain long as several other managers have their eyes on these boys.

The roster to date: Larry Shepherd, Kenneth Shepherd, Pat O'Meara, Roy Cox, Dick Horner, Herbie Davis, Loy Holman, Gary Hickman, Jerry Bredwell, Bob Settles, Joseph Coffey, Gary Lower, Terry Gibbs, Dick Sklar, Marshall Bryan.

The three sent to the Minors are

VISIT St. Louis

See SHOW BOAT at the Municipal Opera

JUNE 5 to 15

Time your visit to St. Louis to take in this all-time musical favorite at the world-famous Municipal Opera, June 5 to 15. It's a gorgeous spectacle—colorful costumes, lavish set designs, rollicking comedy, marvelous dancing and unforgettable tunes like *Make Believe*, *Of Men and Bill*, *W by D*, *I Love You* and other hits by Jerome Kern and Oscar Hammerstein II.

And this is only one of many entertainment attractions in the "City of a Thousand Sights"—big league baseball...river excursions...animal shows at the zoo...dining and dancing at popular hotels and night clubs...sightseeing tours to historic spots. For an exciting vacation, bring the family for a week-end or longer in St. Louis—one of America's most interesting cities.

Staley Wins 8th Game, a Homer Fest, From Cubs

By the Associated Press
Gerald Staley, the only dependable starting pitcher on the St. Louis Cardinal staff this season, won his eighth game in 10 starts yesterday and is now credited with more than half of the Redbird victories.

The Cardinals outslugged the Chicago Cubs 8-5, with each team clubbing three home runs. That brought the total of home run balls, pitched by Staley, to eight for the season, but he has made up for it in control.

No Walks In 9 Frames

That's the difference about Gerry," explained teammate Harry (The Cat) Brecheen. "He's got sharper control now, makes sure he gets the ball over even if his pitch is too fat at times. The home run ball isn't going to hurt him too much."

The game in Chicago yesterday marked the third time Staley the workhorse has worked a nine-inning game without yielding a walk.

The home runs were by Stan Musial, Enos Slaughter and Hal Rice of the Cardinals. Bill Serena hit two and Hank Sauer one for Chicago.

Baptists Meet MoPac Mechanical Dept. Thurs.

The East Sedalia Baptist softball team will clash with the MoPac mechanical department team on Thursday. Game time is 7:30 under the lights at Center Park diamond.

Braden will be on the hill for the Baptist team, which is seeking its fifth win in five starts.

The East Sedalia Baptist team was rained out in its game scheduled for Tuesday evening.

Helium first was discovered in the spectrum of the sun. It takes its name from the Greek word "helios," meaning sun.

Country Club To Hold Tournaments This Friday

The Sedalia Country Club will hold a handicap tournament Memorial Day for its members.

The annual Medal Play tournament of 36 holes will also start on Friday, Memorial Day, according to an announcement by Damon Hieronymus. The first 18 holes are to be played on Friday with the last 18 to be played on Sunday.

All golf members are urged to get into both tournaments.

Burtons vs. Levi's At Center Park

The Burton Blues and the Levi's tangle tonight at Center Park in a softball game which will start at 8 o'clock. Both teams are girl organizations.

This is the first game of the season for the Levi's while it is the second for the Blues who lost to Columbia, 10 to 5, recently.

GOOD LUCK
IF OTHER MARGARINES COULD TASTE THIS GOOD THEY WOULD!
the TABLE MARGARINE

WHERE'S JOE?

Too bad! Everybody is having such a good time eating, drinking what they like with never a worry. But not Joe. He stayed away because he knew he would have acid indigestion, heartburn, gas, if he ate and had a good time like the others. Why hasn't he discovered Tums, too? One or two Tums eaten like candy, stops acid indigestion almost before it starts. Do like millions of Americans—carry a roll of Tums with you always. See how they help you enjoy life.

It's Barnyard gossip.....
by A. B. Warren
Cattle Bloat
Let me say right at the start that it is best to get your Veterinarian, if possible, in case of severe bloat. The exact cause of this ailment is not known at the present time, but it does occur more frequently when cattle are on grass, after a rain and when the sun comes out hotter than at any other time.
Just in case you cannot get a Vet, here are a few things that could be done: If you have mineral oil give a big dose (1/2 gallon) for a grown animal or one over 500 pounds. If you don't have mineral oil and do have kerosene or coal oil you can give about a pint of this. Bloat is a foamy gas formation in the paunch or first stomach and is easy to recognize. An opening can be made into this paunch to release the gas but should not be attempted without instruction in this technique. The instrument that is made especially for this purpose is called a trocar with canula. In puncturing the paunch care should be exercised not to let the gas out too rapidly. The site of the opening should be a little in front of and below the hip bone with the point of the instrument angled toward the knee on the animal's LEFT SIDE.
One of our large suppliers is releasing a new product that has much promise. It is a defoaming agent and should do the job in a high percentage of the cases. We have placed an order for this new product and will be one of the first drug stores in the State to have it.

Our Boarding House with . . . Major Hoople

Out Our Way By J. R. Williams

Funny Business By Hershberger

"I never have to move the ball and take a penalty stroke since I had this special club made!"

Cheaper
Paper wall-hangings first were invented as inexpensive substitutes for the costly hanging of brocade, brocatelle, and velvet, according to the Encyclopedia Britannica.

Oldest Animals
The oldest living animals are the tortoises of the Galapagos Islands, which attain an age of 300 to 400 years, according to the Encyclopedia Britannica.

The sand dunes along the Snake River of Idaho rise higher than any of the dunes in Africa's Sahara desert.

Coloring in marble is caused by impurities. Pure marble is white.

Ambulance Service Ph. 8 Adv.

LIVING STATUES—University of Maryland gymnasts pose in a tableau suggesting Joe Rosenthal's famed AP picture of Marines raising the U. S. flag on Mt. Suribachi, Iwo Jima, during World War II. The group visits bases to entertain servicemen.

High Tower
Highest earthen mound thing in eastern America is a radio tower atop Clingman's peak, in North Carolina. Although the peak is 20 feet lower than 6684-foot Mount Mitchell, the tower overtops the observation platform on Mitchell.

Named for Days
Captain James Cook, voyaging in Torres Strait, between Australia and New Zealand, named four granite islands, according to the days of their discovery, Tuesday, Wednesday, Thursday, and Friday. These islands are inhabited.

Play Spot
There are 20 public parks, embracing 18,948 acres, in Phoenix, Ariz. These parks contain 10 playgrounds, 14 tennis courts, a golf course, four swimming pools, and several miles of boating lagoons.

Non-Voters
The residents of Hawaii and Alaska, like residents of the District of Columbia, cannot vote for president and vice president of the United States. Only states have representation in the electoral college.

Rapid Transit
Any one of the two-track subway lines in New York City can move 100,000 people an hour in one direction, equaling the capacity of 20 automobile super-highways, according to the board of transportation.

Varied Uses
Some inedible nuts are used to make soap, paint oils, varnish, dyes, and cigarette holders, according to the Encyclopedia Britannica.

Archimedes' Armor
The ancient forerunner of modern armored ships was the Syracuse, built in 250 B. C. by Archimedes, according to the Encyclopedia Britannica.

Texas GOPs Have 2 Sets Of Delegates

MINERAL WELLS, Tex. (AP)—Feuding Texas Republicans and Democrats, busy for months in intra-party family fights, have put two shows each on the road.

Each party is sending two sets of delegates to the national conventions in Chicago. Each party is badly split in Texas.

Republicans split over Sen. Taft of Ohio and Gen. Dwight D. Eisenhower.

Democrats split over the party loyalty pledge. Anti-administration leader Gov. Allan Shivers opposed the pledge and wanted an unstructured delegation to the Democratic National Convention. Forces of the Loyal Democrats led by Fagan Dickson of San Antonio and former Rep. Maury Maverick of San Antonio insisted on delegates pledged to support the party nominee.

To be seated at the July conventions are 38 Texas Republican delegates and 52 Democratic delegates.

The liberals led by Maverick and Dickson walked out of the Democratic convention at San Antonio without asking a vote. They knew they were hopelessly outnumbered. They held a rump meeting and declared they were the "real Democrats" because they took the party pledge.

The official breakup among the Republicans occurred when the Ikemen stomped out of the Taft-dominated convention here chanting, "We want Ike."

'Bama GOP Splits Even for Taft, Ike

BIRMINGHAM, Ala. (AP)—Alabama Republicans name four more district delegates to the GOP National Convention today. Indications were that the four will be split equally between Sen. Robert Taft of Ohio and Gen. Dwight D. Eisenhower.

Americans are the world's champion coffee drinkers, with an average annual consumption of 19 pounds per person.

Connecticut's 22 GOP Votes for Ike

HARTFORD, Conn. (AP)—Connecticut's Republican administration leaders unanimously predicted today that the state's 22-vote delegation to the national convention would support Gen. Dwight Eisenhower to a man.

There was no question about 20 of the delegates chosen at yesterday's state convention. Two others declined to say for whom they would vote, but there was strong indication they sided with the majority.

Party leaders said the only reason they didn't present the state convention with a resolution instructing the delegation for Eisenhower was that they considered such action unnecessary.

World's First All-wing Jet Bomber Ready Soon

LONDON (AP)—One of Britain's biggest aircraft manufacturers hinted last night that the world's first all-wing jet bomber—a swept back triangle without the usual fuselage—would be ready for the Royal Air Force next fall.

Sir Roy Dobson, head of A.V. Roe and Co., which built the World War II Lancaster bombers, said he is now making a few trainer planes of the triangle type "in order to get people used to the new idea of flying things of an entirely different shape."

"I hope we shall have another bomber before long," he added in a speech at Woodford Cheshire. "I hope we shall be able to show you something in September that will open the eyes of the people who don't know and the rest of the industry, too."

Russell Leads 19-5 In Florida Delegates

MIAMI, Fla. (AP)—Sen. Richard B. Russell surged to a 19-to-5 lead today over Sen. Estes Kefauver of Tennessee in their bitter contest for Florida's 24 votes in the Democratic presidential nominating convention.

Slow returns from yesterday's primary voting pointed to Russell backers sweeping 14 of the 16 counties and capturing possibly five of the eight delegate-at-large posts.

Kefauver had taken an early lead in first returns last night largely on the strength of the top-heavy vote his delegate candidates received in Dade (Miami) County. But then Russell forged to the front on later returns from across the state.

Russell increased his lead when reports at daybreak showed that another of his at-large candidates, Mrs. M.B. Fuller of Bunnell, had taken the lead from a Kefauver candidate, Ann B. Miller of Tampa.

Happy Fat Man
Greater physical endurance and greater resistance to infectious diseases, nervousness and mental disorders are attained by overweight young men as compared with young men underweight, according to British statistics.

He Deserts Ship Because His Wife Needs Him at Home

LONG BEACH, Calif. (AP)—Coast Guardsman Buren C. Wimp, 20, says the reason he jumped from a cutter off Point Conception and tried to swim ashore was that his pregnant wife needed care.

Wimp, boatswain's mate third class, charged with desertion, told a court martial board yesterday that he learned the day before his ship sailed for an arctic weather station that his wife Mary Lou, 18, might lose her expected child.

He asked for leave, he said, but was told the Red Cross would care for Mrs. Wimp.

It didn't occur to him to jump ship until the craft was at sea. He got a life jacket, an exposure suit and a flashlight and went over the side.

Hours later he was picked up by a freighter.

Mrs. Wimp testified that she lost her expected baby in March.

All Kentucky Votes Go to 'Veep' Barkley

LOUISVILLE, Ky. (AP)—Kentucky Democrats backed with their 26 nominating votes today their choice for the presidency, fellow-Kentuckian Alben W. Barkley.

The 74-year-old vice president hasn't said whether he would be a candidate.

Three Gold Bricks Returned, 1 Missing

MONTREAL (AP)—A Quebec mining company got back three stolen gold bricks — real ones — today, but is still out a fourth.

Provincial police said last night they had solved the \$115,000 theft with the arrest of two employees of East Malartic Mines, Ltd. Authorities declined to identify the men at present, but said at least one more arrest is expected.

They said three of the stolen ingots, weighing 105, 103 and 66 pounds, had been recovered. The fourth brick is expected to turn up today. Police said the loot was found hidden near the refinery.

Quick Frozen Blood, New System of Braces Help Ease Lot of Victims of Hemophilia

By Richard Kleiner
NEA Staff Correspondent

NEW YORK — A little boy in Michigan scared the daylight out of his playmates recently by telling them, "My mommy keeps blood in the freezer."

The strange part of his statement was that it was absolutely true. And the wonderful part is that the blood-in-the-freezer is one of two developments which are making life a little more bearable for the nation's hemophiliacs.

Hemophilia is the strange, rare malady which prevents the blood from clotting. In a normal person, blood automatically clots in about 10 minutes. In a hemophiliac, it may take two hours. That is often too late.

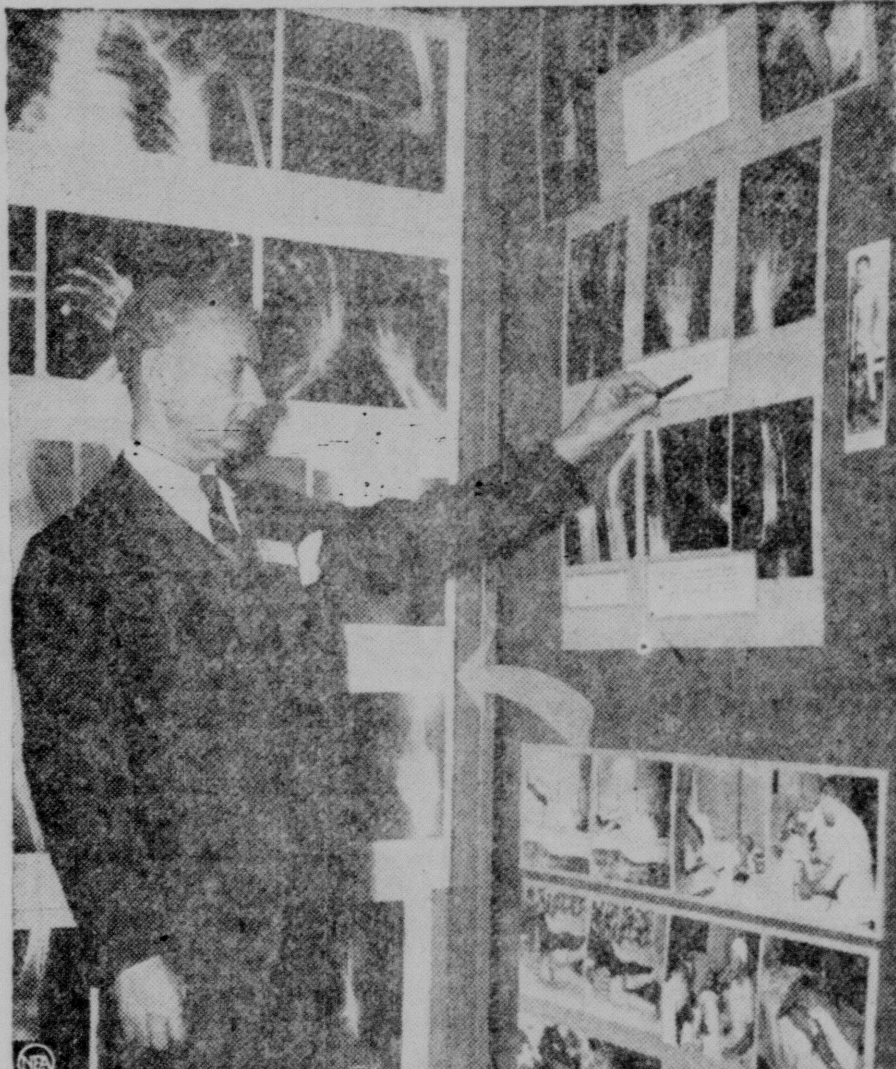

When a hemophiliac is injured, a quick transfusion of fresh blood—from a normal person—can induce clotting. But the blood must be fresh; the anti-hemophilia factor in the blood vanishes in from two to four hours after it is donated. Fresh blood is often difficult to locate in emergencies.

But, as of May 1, a new technique of quick frozen blood plasma has been inaugurated by the Blood Transfusion Association and made available to the Hemophilia Foundation. This quick-freezing retains the anti-hemophilia factor and such plasma can be stored in freezers for long periods.

That Michigan mother — like other mothers of hemophilic children — keeps the quick frozen plasma in her freezer for emergencies. A doctor can easily use it for a needed transfusion to stop the bleeding.

This advance was discussed by Dr. Henry H. Jordan, an orthopedic surgeon at New York's Lenox Hill Hospital, who has been working closely with hemophiliacs for two years. It is in Jordan's department that the second development is taking place.

Most persons born with the disease, if they survive for two or three years, have had hemorrhages in at least one joint. Usually, it is the knee that is affected and this hemophilic arthritis, as it is called,

X-RAYS OF HOPE: Dr. Henry H. Jordan, at the Hemophilia Foundation exhibit at the New York State Medical Association Convention, points to X-rays of his patients. They tell a story of people who couldn't walk, because of hemophilic arthritis, who now can.

produces such a stiffening that the child is unable to walk. Previously, nothing much was done for these people. Jordan

cites one case of a child who had spent his entire life in a hospital, unable to walk for 11 years. Treatment was difficult, because of the tendency for additional hemorrhages.

Under arrangements made by the Hemophilia Foundation, patients with hemophilia arthritis are now treated at Lenox Hill Hospital. The first step is to straighten the affected limb, and then it is stabilized to prevent any re-buckling of the joint.

This is done by a slow, careful, painless application of casts, usually the Quengel Cast, a hinged affair of plaster of Paris. It is the cast that straightens the limb, and it is a leather-and-steel hand-made brace — costing \$150 — that keeps it straight.

The brace is fitted with adjustable springs, an arrangement developed by the army, it was explained by Dr. Jordan at a prize-winning exhibit at the New York State Medical Association Convention in New York. The springs are tense enough to keep the weak joint from giving way again. The whole thing is designed to distribute the pressure, rather than concentrating it in one spot which might cause a fresh hemorrhage.

The rarity of the disease has prevented any great amount of work in the past. But the Hemophilia Foundation has changed that. Jordan cites his own experience as an example. For the first 28 years of his career, he had only two cases of hemophilia; since the Foundation began bringing patients to New York two years ago, he has had 29 cases.

The result is, Jordan says, "the most rewarding experiences of my life." One 15-year-old boy was brought to the hospital. He had

Christian Builders Class Has Wiener Roast

The Christian Builders Sunday school class of the La Monte Christian Church enjoyed a wiener roast Friday evening at the home of Mr. and Mrs. Willard Alltop.

Following the wiener roast a short business meeting was held. The following members and their families were present: Mr. and Mrs. Wasson and family, Mr. and Mrs. Madison, Mr. and Mrs. D. I. Sevier, Mr. and Mrs. Paul Brown, Junior Martin, Mrs. Mary Ellen Hall and daughter, Mrs. Cripe and children, the Rev. Talle and family.

hemophilia arthritis in every joint. He couldn't sit, stand or walk.

One by one, the boy's joints were straightened. It took eight months. Now he can stand. He is currently being fitted with shoes. They expect he'll be able to walk very soon.

Small ocean ships moving up the Columbia River can dock in Idaho at Lewiston.

Otterville High Commencement Has Judge Speaker

Commencement exercises for Otterville High School were held May 22 in the school auditorium with Judge Roy Williams, Booneville, giving the address.

Donald Raymond Moon was the valedictorian and Mary Fry Ellison was salutatorian.

Baccalaureate services were held Sunday, May 18. The Rev. H. A. Wood delivered the sermon. The girls' glee club sang "Lovely Lady" and "Beautiful Savior," accompanied by Mrs. Ralph Crump.

The seniors and their sponsors also spent a weekend at the lake.

Eighth grade graduation exercises were held Monday, May 19. The Rev. John Muncy, pastor of the Baptist Church, gave the address. The diplomas were presented by V. C. Harrison, superintendent of schools.

The junior, sophomore and freshman classes held an all day

She Was First

Harriet Quimby was the first woman in the United States to obtain a flying license. She received it in July, 1911. She was also the first woman to fly the English Channel.

The Rosetta Stone is still extant and is in the British Museum.

Dread Disease
Trachoma, a disease which causes blindness is found mostly in the Ozark and Appalachian mountain regions, as well as among Indian tribes of the southwest.

The average passenger car in the United States travels 9300 miles a year, the average truck nearly 11,000 miles.

Spy Has Male Sex Parties In Washington

By ED CREAGH

WASHINGTON (AP)—Senate investigators made public today a sensational story of all-male sex parties run by a Communist envoy to the United States for the purpose of extracting information from effeminate American guests.

The diplomat was named as Teo H. Florin, former first secretary of the Czechoslovakian Embassy here, in testimony given to the internal security subcommittee by Joseph Molnar, a young Czech writer who said he observed the carryings-on for the FBI.

Molnar and two other witnesses testified that subversive activities in this country are directed by Iron Curtain country representatives operating under diplomatic immunity.

Chairman McCarran (D-Nev.) of the internal security group called this a "shocking and alarming" situation and demanded in a statement that the State and Justice Departments invoke the McCarran Anti-Subversives act to rid the nation of "these treacherous aliens."

Molnar and the other witnesses—Czech-born Pavlina Svoboda, former employee of the Czech Embassy, and Matthew Cvetec of Pittsburgh, long-time undercover agent for the FBI in Communist organizations—gave their testimony at various times since early last July but it was kept secret until today.

Molnar said he was a guest of Florin—who later was ordered to leave the United States—at the Czech diplomat's apartment on 210th Street, Washington, during several parties.

"Sometimes," the witness went on, "he had invited several men whose conduct convinced me of their homosexuality."

Meanwhile, liquor flowed freely, Molnar said, and his diplomat host would turn the conversation to politics "when the men became sufficiently intoxicated."

Then, instead of going to sleep, the envoy would write a detailed report "which he delivered the first thing in the morning to the proper authorities at the embassy," Molnar added.

Hen That Laid 10 Eggs In One Day Dies of Overwork

CUDWORTH, England (AP)—World titlist Jennifer—the hen that laid 10 eggs in less than an hour—was dead today from overwork.

The pink-eyed prolific chicken hadn't produced for farmer Charlie Rogers for days. But he brought her into his home in front of the fire on Monday and Jennifer let loose—a jackpot of 10.

"Jenny spent Monday night in her cardboard box and I tried to make her eat," Rogers' daughter explained. "But the laying effort had been too much for her."

"I've asked a taxidermist to set Jenny up in a glass case with those 10 eggs," Rogers said.

Arrest City Fireman For Starting Fires

OTTAWA, Ont. (AP)—Police last night arrested a city fireman they said really loved his work. They charged him with arson.

The man, Frank Eric Thompson, 27, a member of the Ottawa fire department for more than three years, was accused of starting blazes within 30 minutes in two small hotels three blocks apart.

A waiter spotted the first, in the Victoria Hotel, and it was put out without serious damage. The second, in the LaSalle Hotel, caused a \$80,000 loss.

Thompson, in civilian clothes, rushed into the burning LaSalle to aid his fellow firemen and was one of several overcome by smoke. Police became suspicious of his actions before the fire and, after investigating, picked him up.

Ingrid In Hospital Expecting Twins

ROME (AP)—Expectant mother Ingrid Bergman was back today in Salvatore Mundi Hospital, which sent her home after a false alarm last week. This time doctors said she will give birth to twins in a day or so.

The film star said the nurses are much more jittery about the impending event than she is.

"Every time I push the buzzer they rush in thinking I am about to give birth," Miss Bergman said. "Usually all I want is a glass of water."

Mrs. Ben Hecht Puts On Blue Bonnet—Enjoys F. N. E.!

Mrs. Ben Hecht suggests that you put on BLUE BONNET Margarine for F. N. E.—Flavor, Nutrition, Economy! Like the noted novelist and playwright's wife, you will love the delicate, sunny-sweet taste BLUE BONNET adds to any food! You'll appreciate its nourishment, too. No other spread for bread is richer in year-round Vitamin A! And you'll welcome its economy. Two pounds of BLUE BONNET cost less than one pound of high-priced spread! So remember the letters—F. N. E.—F. N. E. All-Vegetable BLUE BONNET Margarine gives "all three"—Flavor! Nutrition! Economy—e!

DOWN TO HER LAST "CHIP"—Muriel Latzick savors the last few potato chips in a Chicago factory which manufactures the delicacy. The acute potato shortage has forced the firm to halt operations. Huge pile of sacks on which Muriel is sitting usually are bulging with the vanishing spuds.

Bob Thomas In Hollywood—Any Day Now His Voice May Cost Him 1000-Gs a Week

HOLLYWOOD (AP)—When Chet Al-Born in Chillicothe, O., he moved to Los Angeles, he was signed by U-I for \$1,000 a week, many of the studio's lesser-paid stars hit the ceiling.

But here is something the actors didn't realize: Chet could wake up any morning and find he has lost his livelihood. He's 13 and a boy soprano.

This prospect doesn't seem to concern Chet, who is a dark-haired boy with a thoughtful manner and an eager smile. He realizes his voice could start changing at any time.

"I'd like to continue singing when that happens," he said. "But of course if I turn out to be a bass, I guess that would be impossible."

In his present, high-voiced state, Chet is destined for success. He was signed at a record salary for a child actor with no movie experience. His pay advances to \$3,000 weekly should he survive the dropping of his voice and studio options for seven years. He is now appearing with Dan Dailey in "Great Companions" and his next picture will be with Joel McCrea.

Chet is still a bit starry-eyed about his sudden rise to fame.

to Columbus, where his father is a chemist. Chet's bell-like tones drew him to the attention of the Columbus Boys Choir, a unique choral group which operates a school and gives concerts throughout the country.

The school moved to Princeton, N. J., and Chet stayed with it. When Gian-Carlo Menotti was com-

missioned to write an original opera for NBC television, he created the leading role for a boy soprano. He had heard about the Columbus Boys Choir and sought his singer there. Chet was the lucky boy.

The opera, "Amahl and the Night Visitors," created a sensation when it was televised last

Christmas. Chet, who had learned the difficult part in two weeks, was widely hailed and came to the attention of U-I. He came west with his manager, Herbert Huff, man, director of the choir.

I talked to Chet between his study sessions in the school tent on the movie stage. It was only his second day of work, but he

allowed that he was going to like this movie business.

"It's a lot of fun," he said.

He told me about the choir school he attends in Princeton.

"There are 78 students in grades up to the ninth grade," he explained. "All of them are sopranos. If a boy's voice changes, he is allowed to finish the semester. Then

he leaves the school. We have six hours of school work, including two hours of singing."

Does he want to pursue a singing career?

"Maybe — if my voice is good enough after it changes," he replied. "Otherwise I might go in for art. My father was a cartoonist before he became a chemist."

2 Inductees Are Honored At a Dinner

By Mrs. E. P. Burke
LA MONTE — Mr. and Mrs. Herman Opher honored their son August and their nephew Henry Borchers with a dinner last Sunday. Both boys left later for induction into the army. Those present were: Mr. and Mrs. Henry Borchers and sons Homer, John and Fred, Houstonia; Mr. and Mrs. Fred Borchers, La Monte; Mr. and Mrs. Herman Opher, August Jr., and Charles Opher.

Mrs. William Abell and Miss Rowena Hallenbeck attended commencement exercises in Warrensburg Wednesday.

Miss Mary Mothershed, St. Louis is visiting her parents Mr. and Mrs. Pearl Mothershed.

Mrs. Roy Rice, Lee's Summit, is spending several days with her father, Sherman Hall.

Mrs. J. L. Stevens, Mrs. R. C. Van Bibber, Mr. and Mrs. Ed Gregory attended the funeral services of Frank Wright at Billings, Okla., Sunday afternoon.

Mr. and Mrs. Terry Files and children spent Sunday with their sister Mr. and Mrs. Albert Ward, Holden.

Mr. and Mrs. Paul Brim and Mr. and Mrs. F. L. Schenk made a business trip to Kansas City, Kas., Saturday.

Mrs. Wilma Rice, Lee's Summit, is with her parents Mr. and Mrs. Sherman Hall, who are ill.

Mr. and Mrs. Glenn Reynolds returned home after spending four weeks in Graham, Tex. They also spent a few days in Colorado Springs, Colo.

Mr. and Mrs. W. C. Arnett and Mrs. Wyman Henderson, both of Warsaw, visited with their sister, Mr. and Mrs. Frank Buffon on Thursday.

Mr. and Mrs. Elton Keller returned home Wednesday after visiting several days with their son and family Mr. and Mrs. George Lane.

Airman First Class Charles Carroll is spending a furlough with his parents Mr. and Mrs. C. E. Carroll.

The Pleasant Green school closed Friday with a basket dinner and program.

Mrs. Sallie Fisher was taken to the Warrensburg Medical Center for two days treatment recently.

Bill Moles, Jefferson City, recently spent several days with his brother Harold and grandmother, Mrs. C. W. Keller.

Mrs. Emma Kerby spent the weekend with her daughter and family Mr. and Mrs. Gene Kelly and daughter.

Mrs. J. C. Drake, who has been a patient in the hospital for some time, is now convalescing at home.

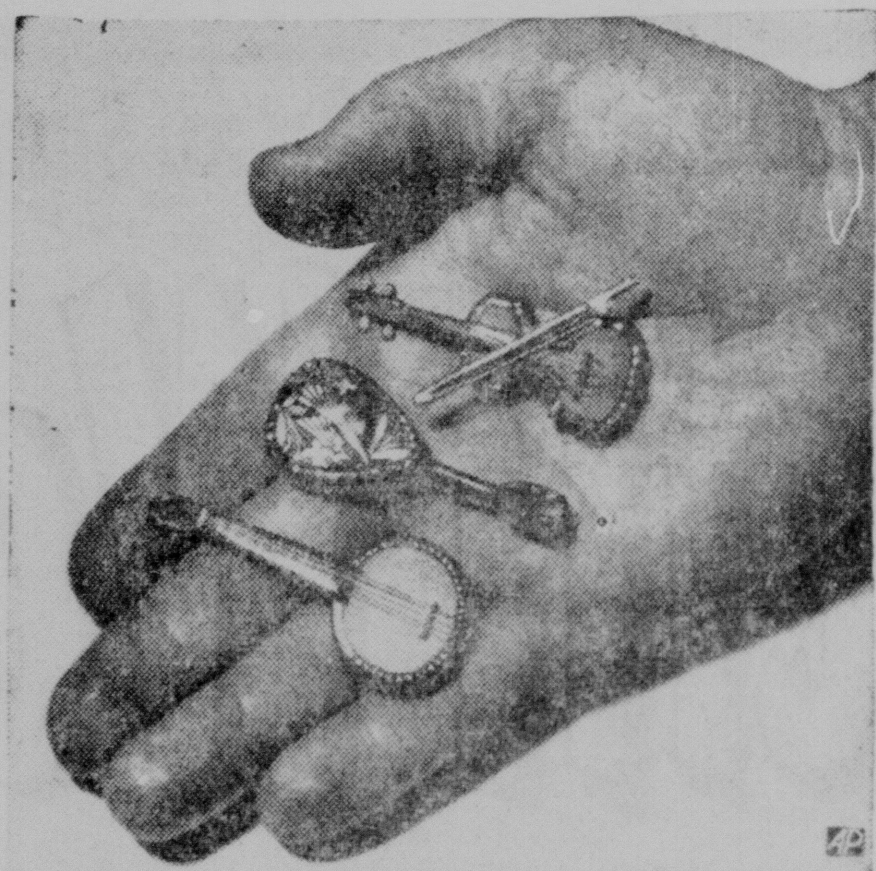

Mount Kneeling
China's most sacred mountain, Tai-Shan, has a path of nearly 7,000 steps leading to the summit. For centuries, worshipers have ascended the four and one-half miles on their knees.

MUSICAL MINIATURES — A banjo, guitar and violin with bow, made by Otomi Indians of Mexico, are part of tiny instrument collection of Arthur L. Reimer, of Inglewood, Cal.

American Women Never Grow Old

By DOROTHY ROE
American women never grow old. They look young, act young, feel young, no matter how many birthdays they may have had.

That's the conviction of Mrs. Micol Fontana, whose family has been in the dressmaking business in Italy for 200 years. Here to launch a new wholesale line of women's fashions in America, Mrs. Fontana said, through an interpreter:

"I see no old ladies in America. In Europe we grow old early. In America women seem to be ageless. Maybe it is the climate, or the food, or perhaps just that everybody seems to have so much fun all the time. You are always smiling."

Mrs. Fontana's mother, grandmother, great-grandmother and great-great-grandmother have been making gowns for the Italian nobility for generations at the family salon in Parma.

Since 1944, Micol and her two sisters have run the House of Fontana in Rome. It was started while the guns were booming on Anzio beachhead, and was an instant success. Says she:

"All frontiers were closed at that time, and I suppose the Italians found our things were just as good as those of Paris."

Among regular Fontana customers in Rome are the queens of Egypt, Iran and Afghanistan, as well as such screen beauties as Rita Hayworth, Irene Dunne, Linda

Christian (Mrs. Tyrone Power), Vivien Leigh and Ann Todd.

Mrs. Fontana also has helped to

organize the great Italian exhibition, "Italy Today," which opens in New York this week. Her own Rome model, Marchesa Loredana Tapparelli d'Azeglio, is flying over with a dozen Fontana creations to be shown at the fair, together with some 150 styles representing the Italian couture.

Micol haunted her mother's workshop from the age of 10, started designing at 14, has been at it ever since. Now that Italy is rivaling France as the fountainhead of international fashion, she and her sisters lead a busy life. Their gowns are sold almost all over the world.

Mrs. Fontana says that custom-made clothes are less expensive in

THE SEDALIA DEMOCRAT—Sedalia, Mo., Wed., May 28, 1952 3

Italy than in New York. She is fascinated by U. S. mass production methods, and delighted to find that an American factory can turn out dresses comparable to those of her Rome salon to retail for as little as \$75. She predicts a brilliant future for Italian business and industry including fashion. Says she:

"Italy came to life after the war. Now the spirit and the activity are incredible. e are a new people, reborn."

It's Don McNeill Week

GOLDIN'S
SUPER MARKET
BETTER FOODS FOR LESS
206 W. MAIN
SEDALIA, MO.

Just as good fun and relaxation are a part of good living, so is good living a part of our community. Small wonder then that our market has become a popular shopping place for thrift-minded, good-living neighbors.

You'll find the nationally known brands that add so much to good living featured during our "Don McNeill Week"—and while you're planning your shopping list, relax and listen to what Don is saying about these products Monday thru Friday over the full ABC Network.

Believe Meteor Cuts Tunnel Thru Moon

NEW YORK (P)—There seems to be a tunnel on the moon.

This tunnel has glassy walls, and is several miles long. It would make a fine shelter for rocket explorers of the moon.

The evidence for the tunnel discovery is reported today by H. H. Nininger, director of the American Meteorite Museum, Winslow, Ariz., in Sky and Telescope, a leading journal on astronomy.

The tunnel was made, not by moon-men, but a meteor or shooting star, Nininger suggests.

The meteor traveling 20 to 30 miles a second came sweeping low across the moon's face, and bored clear through a mountainous ridge several thousand feet high.

It left craters on each side and presumably a wide, glassy-walled

Abe's Inaugural Address Is Sold

NEW YORK (P)—A perfect copy of the first edition of president Abraham Lincoln's first inaugural address was sold yesterday for \$2,250 at a Parke-Bernet Galleries auction.

The only other perfect copy of this edition believed to be in existence is in the Library of Congress. The edition was "printed privately in Springfield, Ill., in 1861.

Miss Emily Driscoll, a book dealer, bought the rarity.

corridor through the ridge, connecting the two craters. The glaze came from thick moon dust or rubble that was melted and cooled to form a glazed cylinder by the passage of the meteor.

for Home Use

New! Lower Cost, Fast Pain Relief!

ARTHRITIS - RHEUMATISM

At last, medical science has produced a

new, lower cost formula for relief from

those nerve-racking, torturing pains

of arthritis and rheumatism. No longer

need you pay \$2.35 and more for prepa-

rations which at most promise only

temporary help. Instead, get the new

PRUVO — only \$1.50 — the formula

that has been a boon to thousands —

has brought faster relief than ever ex-

perienced before. PRUVO has proved

so worthy that it's given an unquali-

fied guarantee. You must be satisfied

with the very first bottle — the low

cost \$1.50 size — or you can have your

money back in full. If you could see the letters of praise, that pour in from Pruvo users, you'd quickly understand why such a guarantee is possible. PRUVO means fastest relief from those pains in hands, arms, neck, legs, ankles — where the most tripping damage is done. Complete instructions on each bottle. Go or send to your nearby drugist today. He has PRUVO or can get it quickly. Be sure it's genuine PRUVO, for fast, long-lasting relief. Regular size \$1.50 — economy hospital size \$4.50 and \$7.50. At Main Street Cut Rate Drug.

TRICKLE DWARFS TORRENT—Mighty Shasta Dam, in California, spills over for the first time to relieve pressure of the 35-mile lake behind it, but Carla Benoit, 3, and her brother, Terry, 5, are more interested in their own private irrigation project. Shasta, second largest dam in the world, aids in flood control on the Sacramento River, and impounds melting snows from the Cascade range. The 487-foot fall is three times higher than Niagara Falls.

First of Series on Rainmaking--

200 Million Acres Targets For Rainmakers This Season

By BURTON THOMSON

DENVER (P)—Rainmaking again

is a big thing in the West this

year.

Around 200 million acres already

are targeted for rainmaking so far

this summer. Projects last sum-

mer covered something over 300

million acres. Predictions are for

a 1952 summer total of 400 mil-

lion acres.

Weather modification efforts

cost an estimated two to three mil-

lion dollars last year. As near as

can be determined, contracts for

around \$800,000 have been signed

so far this year.

The average cost of rainmaking

has been estimated at a cent an

acre.

Those who pay for weather

modification — farmers, ranchers,

power companies and communities

— appear to be considerably more
